The sublease of 14,200 square feet of office space at 43 Constitution Drive in Bedford was recently completed by Vear Commercial Properties for BizNews24, which relocated its headquarters to the facility. The sublessor, AMS Services Inc., chose to vacate approximately 30,000 square feet at the building as part of a consolidation effort. Bradley Vear, SIOR, CCIM, represented the sublessor and assisted BizNews24 throughout the transaction. BizNews24, which currently employs 35 people, is a firm that provides turnkey production and on-line hosting of customer-branded rich media events and programming, as well as Web conferences and seminars.
